To Whom it May Concern:

It is my great pleasure to personally recommend Kevin Hough for an art teaching position. Mr. Hough was my student teacher for three months during which time he was responsible for instruction in both Art 1 and Art 2 courses. Given the short time I had to observe Mr. Hough I can assure you that he is prepared to become an outstanding classroom teacher and an integral member of your school's community.

Quickly into Mr. Hough's experience at Orchard Farm High School it became apparent that the learning needs, both in terms of curriculum and caring were going to be met. With his kind-hearted and nurturing nature, he seamlessly integrated himself into classes and engaged with all students. Mr. Hough took the time, understanding, and caring to make sure each student was individually receiving the attention and feedback needed to grow and be successful in the art room. .

Over the course of our months together I observed a marked improvement in all aspects of Mr. Hough's teaching. Through daily observations, conversations, trial and error, and most importantly dedication to becoming a good teacher, I have no reservations giving Mr. Hough my highest recommendation for an art teaching position. I am confident that he will become an invaluable addition to any school faculty.

Please feel free to contact me if you have any questions regarding his character or teaching abilities.

Sincerely,

Doug Talleur  
Art Teacher
