Objective

I wish to obtain the position of Art Teacher so I can help students discover their creative potential, and experience the benefits of the practice of art on their reasoning and creative problem solving skills to enhance their overall academic performance.

Skills

- **Fine Arts:** Painting, drawing, printmaking, sculpture, ceramics, fibers, mixed media expression
- **Technology:** Adobe Creative Suite (Photoshop, Illustrator, InDesign), Microsoft Office, Google Classroom and others
- **Communication:** Provides clear, accurate, and professional written and verbal communication with students, parents, and staff
- **Instruction:** Experience in teaching art and design principles and best practices to students, interns, and employees
- **Adaptability:** Can accommodate, modify, and improvise adaptations when circumstance requires flexibility to achieve goals
- **Engineering:** Recognizes commonly missed opportunities to excel beyond perceived limits using existing resources
- **Critical Thinking:** Specializes in effective and creative ways to problem solve and answer questions
- **Patience:** Believes communication, empathy, and understanding are active processes that should always precede discipline
- **Optimism:** Defaults to seeing the value in the frequently overlooked, misunderstood, and under-appreciated
